

The game of chess helps young people learn to concentrate, think logically, overcome obstacles, spot patterns and categorize information.

**Directed by Woman  
International Master and World  
Chess Federation International  
Trainer Beatriz Marinello**

## **CHESS MASTERS ACADEMY**

**Saturday Program**

Language Center @ The  
British International School of  
New York

Enroll online at  
[www.ChessEducators.com](http://www.ChessEducators.com)

**Program Director:** Woman International Master and World Renowned Coach, Beatriz Marinello

Our chess program uses an interactive and hands-on approach for students to learn chess with fun and engaging activities. Our activities include chess instruction and lessons, a 'chess lab' which includes worksheets, problem solving, and more tactics! Students will also participate in class tournament games with notation and clocks.

### **What will students learn?**

**Novice Players:** Introduction to Chess; Developing a clear understanding of each piece;

Strategy, Basic Plans,  
Introduction to Basic Checkmate  
Patterns and Tactics

### **Intermediate/Advanced Players:**

Combinations, Tactics, develop a clear understanding of openings, middle game and endgames, strategic thinking, how to think logically. Students will also learn from their own games and learn from the masters using tools that will help them analyze and best prepare for tournament play and much more!

**Location:** Language Center @  
The British International School of  
New York; 15 Waterside Plaza  
New York, NY 10010-2612
